

Westwood Country Club

Yeah. The answer is, it cost \$100 to get in Westwood Country Club. Now it costs like ten or fifteen thousand. The clubhouse was very small. They still use the barn, and so on. And they had two tennis courts, now they've got probably ten tennis courts. Of course, I've been in Westwood recently. I still don't belong, but it's a gorgeous place now. It's a beautiful place. But my kids, from where we lived, could walk to the Westwood Country Club swimming pool which they did all the time. But then some kids in the neighborhood decided to start stealing flags. So, the flags every night for the holes would disappear. So, they decided to build a fence around the place. And then it made it much more difficult for my kids to get up there. Yeah, you had to walk all the way around, now [unintelligible].
