INTRODUCTION

- The *African American Historic Sites Tour of Vienna, VA*, was originally created in February, 2017, as one of the events held in celebration of *First Baptist Church of Vienna's 150th Anniversary*.
- The tour compilers, *Sylvia Taylor* and *Gloria Runyon*, are longtime Vienna residents, members of First Baptist Church of Vienna, and Board Members of Historic Vienna, Inc.

The African American Historic Sites Tour of Vienna in support of the 13th and 14th Amendments

- *The 13th Amendment to the Constitution* abolished slavery within the United States, or any place subject to their jurisdiction, stating that neither slavery nor involuntary servitude except as a punishment for crimes.
- *The 14th Amendment to the Constitution* granted citizenship to all persons born or naturalized in the United States, including former enslaved people, stating that citizens shall not be deprived the right of life, liberty, and property without due process; or without equal protection of the laws, guaranteeing all citizens equal protection of the laws.

- In support of the 13th and 14th Amendments, our Liberty Amendments event will offer a historic virtual tour of the African American presence in Vienna from 1867 to 2006.
- Although there were African Americans (and other people of color) who were free before the Civil War who lived and owned property in Vienna, after the end of the War, more people of color and the former enslaved in Vienna were given the opportunity to own homes, have schools, and churches.
- All citizens, including the formerly enslaved, were given the right to due process and protections.
- This tour will offer you a glimpse of this community in Vienna, Virginia.

FIRST BAPTIST CHURCH OF VIENNA, 1867
214 Lawyers Rd. NW

- First Baptist Church of Vienna, original building at 214 Lawyers Rd. NW, was founded in 1867.
- It is the *first* and *oldest* church in Vienna, VA.
- The property, owned by ***Major O. E. Hine***, who had served in the Union Army, was deeded to the trustees of First Baptist Church for the sum of one dollar.
- With the help of the Freedman's Bureau, the first trustees, ***George Mac Brown, Daniel West, and Edward Harris***, succeeded in acquiring lumber from a Civil War barracks that was being demolished.

First Baptist Church (cont.)

- This building served as a *school, church, and community assembling place* for colored people. (*Colored was the descriptor of the times.*)
- Functioning as a school during the week, boards attached to the back of the benches were used as desks, then, detached for Sunday services. The church school continued in use until 1890, when the Town of Vienna was incorporated. The Town built a one room school known as the *Vienna Colored School* at the corner of Lawyers Rd. and Malcolm Rd. NW.
- In addition to being the first church built in Vienna, it is believed to be *one of the first colored elementary schools in Fairfax County.*
- In December, 1957, *after 90 years*, the church relocated to a new edifice at *450 Orchard St. NW*. A clause in the deed stated that once the church relocated, the land would revert to the heirs of O. E. Hine.
- In 1958, the building was sold to the *Knights of Columbus.*

***Stop 2 SALSBURY SPRING**
*Corner of Lawyers Rd. &
Windover Ave. NW*

- *Salsbury Spring* is the site of the Town's oldest natural spring.
- In the early 1940s, it was the only water source for the students at the *Vienna Colored School (now Louise Archer School)*. Boys daily brought containers of water from the Spring to the school which was a mile away.
- This site, now a park, is cared for by members of the *Ayr Hill Garden Club* and *Town of Vienna Parks & Recreation Dept.* A few years ago, a Boy Scout troop was engaged in planting wild flowers on the site.
- There are two markers at the Spring. On the first is inscribed: *“Salsbury Spring provided drinking water and cooled the milk for the 250 acre dairy farm of Capt. Harmon L. Salsbury (1838-1913), commander of the US Colored Troop Company D, 26th Regiment from New York during the Civil War. The spring was the only source of water for the Vienna area during the drought of 1930 which dried up most wells. In 1938, Capt. Salsbury's wife and children donated this site to the Town of Vienna to be designated a park in his honor.”*
- The second marker reads: *“Dedicated to Ayr Hill Garden Club Members who have worked to keep Vienna green since 1929.”*

- The cemetery is on land once owned by *Captain Harmon L. Salsbury* in the subdivision known as Windover Heights.
- The cemetery has been known over the years as the Borgus, the North-South, the Lewis Street, and the Windover Cemetery.
- It was named *West End Cemetery in 1986* when restoration was being planned by Historic Vienna, Inc.

- The cemetery contains 47 gravestones plus other stone markers. The earliest death date was 1884; the most recent was 1978.
- The engraved marker reads: *“Historic Vienna Inc. dedicates this marker to Captain Harmon L. Salsbury, who granted this land on February 25, 1884, for use as a cemetery by colored people. 1986.”*
- This was done through the efforts of *Theodore Thomas*, Vienna African American historian, and *Maud Robinson*, wife of former mayor Charlie Robinson.
- In front of the engraved marker is a Town of Vienna Historic marker which designates that the cemetery is on the Historic Register.
